4. Mail bids – Please be certain you are bidding the correct amount on the proper lot. We can neither correct nor assume responsibility for any errors as to amount or lot numbers on mail bid sheets. (Please see "A note to mail bidders" Pg. 7).
5. All lots are guaranteed genuine and as described. No lots may be returned without our written permission and we must be notified of intent to return lots within 3 days after receipt of lots. (No lots may be returned after December 12th except for reason of authenticity.) AUCTION SALES ARE NOT APPROVAL SALES. Returned lots must be intact and in their original holder. Lots removed from their holder will not be accepted. No lots purchased by floor bidders may be returned.
6. Bidders who have not established credit with our company in the total amount of their bids should furnish either complete and satisfactory credit and numismatic references or a deposit of 25% of the total amount of bids before their bids will be posted. No deposit is required if your total bids amount to less than $100. The deposit (where necessary) will be applied to the total price of lots purchased and any excess will be promptly refunded after the sale. This does not establish a shipment before payment account and is only used to show the good faith and legitimacy of the bidder.
7. All successful bidders must remit payment in U.S. funds immediately upon receipt of invoice; or upon receipt of lots (when such terms have been established). The cost of postage and insurance will be added to the invoices of successful bidders whose lots are shipped. All late remittances will be subject to an interest charge of 1½% per month (annual rate is 18%). Lots delivered in Massachusetts are subject to State Sales Tax of 5% unless a resale number is given.
8. Estimates (when given) reflect the opinion of the cataloger as to what the lots should bring. Higher or lower valuations may prevail.
9. All photographs depict the actual lots being sold and every attempt has been made to illustrate the lot as it appears to the naked eye.
10. No telephone bids will be accepted. Only written bids accompanied by a signature will be accepted. All company bids must be submitted with a personal signature.
11. Bid only in whole dollars. Bids other than whole dollars will be rounded to the whole dollar. (Therefore, bidding in fractions of a dollar creates no advantage.)
12. We reserve the right to reject any bids which we feel have not been submitted in good faith.
13. The placing of any bid in this sale constitutes acceptance of the foregoing terms and conditions.

A NOTE TO MAIL BIDDERS

If this is your first experience bidding by mail at public auction, you might have some reservations about submitting your top bid. Be assured that the bid you enter should always be the absolute maximum amount that you would be willing to pay for the lot. You will not necessarily have to pay the full amount of your bid as we will always try to obtain the lot for you at a lower price if possible.

For example, let's say that you send in a mail bid of $135. on Lot No. 415, and the next highest bid on that lot, either by mail or on the floor, is $95. We will buy the lot for you at $100., a nominal 5% to 10% increase over the next highest bid. We act as your agent in that way, and will always buy the lot for you as inexpensively as possible. Therefore, when you bid by mail in one of our sales, it is just as though you were at the sale in person.

Before you enter your bids, please be sure to read the TERMS OF SALE very carefully. If you have any questions, feel free to write or telephone (our toll free number is (800) 225-6794). We have tried to make the descriptions accurate. We expect that there will be many bargains in this sale and are certain that you will find the auction route to be an exciting and rewarding way to obtain the items you desire. We appreciate your participation in this and future sales and wish you happy hunting.

NOTE: All mail bids for this sale must be in our hands in Boston on or before November 12, 1977. A business reply envelope has been enclosed for your convenience in returning your bid sheets.

QUANTITATIVE GRADING SYSTEM

At New England Rare Coin Auctions we use the same grading system as our parent company, New England Rare Coin Galleries. We feel that this system provides a more precise method of helping the bidder to better ascertain the exact condition of those lots in which he has an interest. Our quantitative grading system is basically patterned after Dr. Sheldon's quantitative scale which he developed to grade Large Cents. His system has been almost universally adopted in recent years and is now used to describe all denominations and series from Colonials to Pioneer Gold. The numbers used in this grading system are as follows:

Poor	1
Fair	2
About Good	3
Good	4-6
Very Good	8-10
Fine	12-15
Very Fine	20-25-30-35
Extremely Fine	40-45
About Uncirculated	50-55
Uncirculated	60-65-70

As an example of how this works, a coin which just meets the minimum requirements for Very Fine would be graded Very Fine–20. A slightly better piece would be graded Very Fine–25. A coin which would previously be graded as Very Fine to Extremely Fine would be a Very Fine–30 while a coin that falls short of the Extremely Fine grade would be graded a Very Fine–35. This grading system has been used mainly on U. S. coins only. Conventional grading has been used for the most part on foreign coins and currency.

However, far more important than the actual system is the accuracy with which the system is employed. Coins are not only graded with exceptional accuracy, but are described with regard to depth of strike, defects, color, lustre, and other important factors. The result is accurate grading: best for the seller – best for the buyer.

Our Personal Bidding Service

It lets you bid as if you're at the auction

Now you have a choice. If you're unable to attend a New England Rare Coin Auction sale, you can bid by mail *or* let a qualified auction-bidder representative do the bidding for you *in person.*

Here's how it works: On the next pages, you'll find the names of several qualified auction bidder-representatives who will be attending all 1977 New England Rare Coin auctions and who have agreed to execute bids for a nominal commission. Choose the one you'd like to have represent you and he'll do the following as your personal bidder:

1. He will examine the lots you wish to bid on and determine their suitability for your collection according to your standards.
2. He will give you complete bidding advice.
3. He will execute your bid up to the amount you and he have previously agreed upon.
4. He will be able to execute your second choice bids if you are unsuccessful on some lots.
5. He will do all of these for a nominal fee based on the actual price you pay for the coin (usually 5%). You pay nothing if you are an unsuccessful bidder.

It's easy to participate in a New England Rare Coin auction.

Dear Fellow Numismatists:

The Devonshire Sale marks the opening of our new Boston offices located at 89 Devonshire Street. Our enlarged offices, our increased staff, and our unique coin gallery will enable us to better serve your numismatic needs. We hope that you can attend the Devonshire Sale in person and also visit our new offices.

The Devonshire Sale presents an opportunity to select some outstanding coins from collections formed in the forties and fifties. As usual, we have selected (from the many coins offered us for consignment) only the top quality rare coins that would enhance any collection.

Among the minor U.S. coinage, there are nearly complete date and mint mark offerings of Lincoln Cents, Liberty Nickels, and Buffalo Nickels with many in Choice and Gem condition. The Half Dollar selection is a dramatic highlight of the Silver coinage section with an extensive consignment of Seated, Barber, and Walking Liberty Halves. The selection of gold coinage is highlighted by Gems in all denominations and includes a nearly complete set of $20 St. Gaudens.

With this sale, we have expanded our exhibition service (see page 3) to include seven major shows in all areas of the country. The opportunity for bidders to examine the lots in their own locality has proven to be a service for which we have received much praise. We welcome the opportunity to speak to you and have you inspect the auction lots.

Our next auction will be held in conjunction with the Metropolitan New York Numismatic Convention in late March. If you would like to learn what your collection would bring at auction, contact me and I'll be happy to discuss it with you.

Sincerely yours,

Lee J. Bellisario

Lots #1-678

COLONIAL COINAGE

1 1787 Fugio Cent, STATES UNITED At Sides. CHOICE BROWN UNCIRCULATED–60, sharply struck with traces of mint red. (P.57 of Guide Book.)

EXCESSIVELY RARE INDIAN COPPER, GEORGE III REVERSE

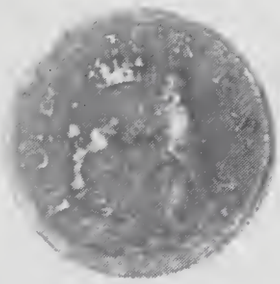
2 1787 New York, Indian and (spurious) George III Reverse, as listed in the Guide Book, page 42, as "2 known". This is a third, a recent discovery piece, nearly equal in condition to the Guide Book plate coin. Overall, a nice VERY GOOD–8, with the usual weak areas. Minor porosity. An awesome rarity, and in fact one of the rarest of all Colonial coins. Authenticated by ANACS #E 4864-A. Surely of great interest to the advanced Colonial collector.

A SPECIAL SERVICE FOR MAIL BIDDERS

Since the rare coin market is constantly changing, we do not place estimates on most lots. If you would like assistance in formulating a bid, or need any information about an item, please write or call Lee Bellisario at least 7 days prior to the sale. Unlike some auction houses, it is our policy never to divulge our mail bids. (This is for your protection.) However, we can usually recommend reasonable levels which will help you formulate your bids.

3 1652 Oak Tree Shilling, EXTREMELY FINE–40 with attractive steel grey toning. Mostly sharply struck with virtually full legends. Quite an exceptional Oak Tree Shilling. (P. 16 of Guide Book.)

4 1652 Pine Tree Shilling, Small Planchet. Some details EXTREMELY FINE–40, but worn at the top, obverse and reverse. (Possibly the planchet was too thin at the time of striking.) One light vertical reverse scratch. Beautiful iridescent toning. (P. 16 of Guide Book.)



5 ST. PATRICK FARTHING, (1678). Scarce variety with Martlet (bird) under King David. Listed in Scott's (P.40) as C-333, and unpriced above Very Fine. This is a Choice EXTREMELY FINE–40 or better, with excellent strike for this issue, and pleasing, glossy dark brown surfaces. (P.18 of Guide Book.)

6 1795 Talbot, Allum and Lee Cent, CHOICE UNCIRCULATED–60 to 65, original red and brown. Very scarce this Choice. (P.50 of Guide Book.)

7 1786 Vermont Copper, VERMONTENSIUM, Ryder #7, R-2. FINE–12, pleasing color and surfaces.

8 1788 Vermont Copper, Bust Right, INDE ET LIB. EXTREMELY FINE–40, Choice glossy brown. The centers a trifle weak as always. An exceptionally beautiful Vermont Cent. (P.47 of. Guide Book.)

9 1783 Washington, Large Military Bust. ALMOST UNCIRCULATED–50, sharply struck and faintly Prooflike. A few trivial edge marks. Hardly ever seen in this outstanding condition. (P.52 of Guide Book.)

10 1783 Washington, UNITY STATES. EXTREMELY FINE–40 to 45, exceptionally well struck for this notoriously weak issue. (P. 52 of Guide Book.)

11 1791 Washington, Small Eagle Cent. CHOICE UNCIRCULATED–60 to 65, Prooflike. Traces of mint red. An exceptional strike. (P. 53 of Guide Book.)

12 WASHINGTON, LIBERTY & SECURITY PENNY, (1795), Lettered (ASYLUM) Edge. GEM UNCIRCULATED–65, Semi-prooflike. Light, even chestnut brown with traces of mint red. A perfect Gem striking. Magnificent! (P.55 of Guide Book.)

HALF CENTS

13 1804 Plain 4, Stemless. ALMOST UNCIRCULATED–50, lustrous.

14 1825 Lustrous BROWN UNCIRCULATED–60, sharp strike. Scarce date.

16 1829 ALMOST UNCIRCULATED–55, fully lustrous.

17 1831 Restrike, Large Berries, Reverse of 1836. Choice orange-tan PROOF, a virtual Gem coin with nearly flawless surfaces. Absolutely minimal hairlines. An exceptionally Choice example of this very rare date. It has been estimated that only two or three dozen are known in all grades.

18 1834 CHOICE RED AND BROWN UNCIRCULATED–60 to 65, very scarce date with original mint red.

19 1835 BROWN UNCIRCULATED–60, faintly Prooflike. Possibly recolored long ago. A needle sharp strike.

20 1852 Restrike, TONED PROOF, light chestnut brown. Fully reflective and mostly Choice. A rare, proof-only date.

21 1853 CHOICE BROWN UNCIRCULATED–60, traces of original mint red. Strictly original and a needle sharp strike.

22 1855 CHOICE BRILLIANT UNCIRCULATED–65, fully struck with full original mint red. Almost totally free of carbon. A gorgeous Half Cent.

23 1856 CHOICE BRILLIANT UNCIRCULATED–65, fully struck with about 80% original mint red. A scarcer date in this condition.

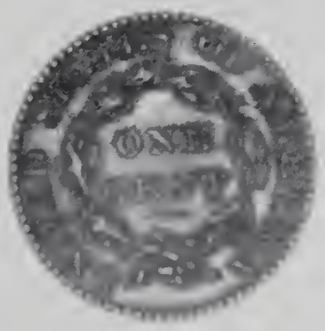
LARGE CENTS

24 1803 Small Date, Small Fraction. ALMOST UNCIRCULATED–50, fully struck with full mint lustre. Actually a virtually Mint State coin, but downgraded due to some faint keg marks. A beautiful coin which would grace anyone's type set.

25 1804 Broken Dies, FINE–15, nearly Very Fine, but burnished. Attractive glossy brown surfaces. Rare.

26 1818 CHOICE BROWN UNCIRCULATED–60, sharply struck with traces of mint red. The die crack is so pronounced that the final "8" looks like an 8 Over 7! A nice type coin, and quite interesting as well.

27 1820 Large Date, BROWN UNCIRCULATED–60 to 65, a Gem with amazing surfaces and a perfect strike. For the perfectionist.



28 1821 ALMOST UNCIRCULATED–50, Prooflike. A few light hairlines perhaps from an old brushing. Very rare in higher grades.

29 1822 ALMOST UNCIRCULATED–55, fully lustrous. Quite scarce in such Choice condition.

30	1837	Second Head, Medium Letters. CHOICE RED AND BROWN UNCIRCULATED–60 to 65, full blazing cartwheel lustre and about 30% original fiery mint red. Scarce in this exquisite condition.
31	1837	Third Head, EXTREMELY FINE–45, lustrous.

36	1849	BROWN UNCIRCULATED–60, iridescent, with traces of mint red on the reverse. Scarce date.

37	1850	GEM RED AND BROWN UNCIRCULATED–65.
38	1851	CHOICE RED AND BROWN UNCIRCULATED–60 to 65, strictly original. A keg mark or two from Gem quality.
39	1852	CHOICE BROWN UNCIRCULATED–60, full frosty mint bloom. A Gem striking. Beautiful!
40	1853	ALMOST UNCIRCULATED–50, lustrous.
41	1854	ALMOST UNCIRCULATED–55 to 60, traces of red on the reverse. Tiny reverse edge nick at 4 o'clock.

43 1856 REDDISH BROWN UNCIRCULATED–60, glossy and faintly Proof-like.

44 1857 Small Date, CHOICE PROOF, with beautiful chestnut toning and about 50% original mint red. Perfectly struck. An absolutely stunning, proof Large Cent.

50	1862	CHOICE BRILLIANT UNCIRCULATED–60 to 65. Full strike.

NOT JUST GRADING, BUT GRADING YOU CAN TRUST

In some auctions, mail bidders consistently submit very low bids to protect themselves from overpaying for overgraded coins. We have made sure this will never happen at our sales because accurate and consistent grading and full mention of defects has been the foundation of all our auctions. This is an advantage to the buyers as well as to the consignors of rare and choice coins.

The buyers have the assurance that they're bidding on a properly described coin. The coins they receive are exactly as the catalog led them to expect and their bids reflect their confidence in us.

The consignors receive the best possible results, not only in higher prices realized, but in a more prompt and efficient disposition of their collections as well. In our last auction, our return rate to consignors was less than 1% by number of lots; less than ½ of 1% in dollar volume.

WHAT IS AN UNRESERVED AUCTION?

This is an unreserved mail and floor bid auction. All coins will be sold to the highest bidder, unreserved. We think this is an important point, for it means that when you bid at a New England Rare Coin auction, you can be assured that you are bidding against a legitimate bid and not one that is pre-arranged.

BUST HALF DOLLARS

SMALL HOARD OF BUST HALF DOLLARS

539 This unusual lot consists of 118 (!) Bust Half Dollars of various dates and grades. There are two 1795's and seventeen of the Draped Bust type including an 1802 in FINE–12, two 1803's, two 1805's, nine 1806's and three 1807's. Of the Capped Bust type, there are ninety-five pieces including at least one of every date issued from 1807 to 1836 except 1815. Among these are an 1808 in EF–45, an 1810 in AU–50, an 1814 in AU–50, an 1817 in EF–45, an 1819 in AU–50, an 1823 Broken "3" in AU–50, an 1826 in AU–50, an 1835 in AU–50 and numerous other high grade pieces. Finally, there are four of the Reeded Edge type including the recently popular 1839-O in FINE–12. This lot presents an excellent opportunity for the dealer, investor or Overton die variety specialist. CHECK EACH DENOMINATION

Every auction has its highlight pieces. These are numismatic items which are spotlighted, photographed and discussed at great length. However, the depth of this auction has made it impossible to fully display every piece. Check carefully, for many exquisite pieces which have not been photographed, lie waiting for the numismatically astute buyer to seek them out.

549 1830 CHOICE BRILLIANT UNCIRCULATED–60 to 65, sharp strike. Frosty mint bloom.

550 1830 CHOICE UNCIRCULATED–60 to 65, fantastic green and gold toning. A gorgeous coin. A trace of album friction on the cheek, but otherwise an absolute Gem.

551 1831 CHOICE BRILLIANT UNCIRCULATED–60 to 65, sharply struck and fully lustrous. A beautiful Bust Half Dollar.

552 1832 Normal, ALMOST UNCIRCULATED–50, steel grey toning.

553 1832 Large Letters, ALMOST UNCIRCULATED–55 to 60, scarce.

554 1833 Virtually UNCIRCULATED–60, full frosty mint lustre and just a trace of friction on the bust and cheek.

555 1834 Small Date, Small Stars, Small Letters (Maiden head). GEM BRILLIANT UNCIRCULATED–65, sharply struck with virtually flawless surfaces. A positively gorgeous example of what is actually a separate type coin (1834 Small Date – 1836 Lettered Edge) where Liberty's head is more youthful with a thinner jaw and much reduced bust. Quite rare in this beautiful condition.

556 1834 Large Date, Small Letters. Virtually UNCIRCULATED–60, full frosty mint bloom, with just a hint of friction on the bust.

THE AUCTION FLOOR . . . IS THAT ALL THERE IS?

Our auctions are comprised of virtually every facet of the numismatic market . . . specialty collectors, investors, vest-pocket dealers, coin shop owners, nationally recognized dealers and independent auction representatives.

In our last sale, approximately 75% of the lots sold to floor bidders. However, the interplay of mail bidders added significantly to the strength of the sale, just as the interplay of each facet of the numismatic market improves the overall results (i.e. prices realized) of the auction.

557 1836 Lettered Edge, ALMOST UNCIRCULATED–55, light steel grey toning.

558 1836 Lettered Edge, CHOICE BRILLIANT UNCIRCULATED–60 to 65, full blazing mint lustre. Light golden toning.

559 1836 Reeded Edge, a Choice VERY FINE–25. A few trivial surface and edge marks. Very attractive original color.

560 1838 EXTREMELY FINE–40.

561 1838 EXTREMELY FINE–40.

562 1839 GEM UNCIRCULATED–65, sharply struck with beautiful sea green, russet, and golden toning. From the personal type set of one of America's leading dealers (broken up at the 1976 Central States Convention). A gorgeous coin, and much rarer in this condition than the 1837 and 1838 issues.

563 1839-O ALMOST UNCIRCULATED–50, sharply struck with light steel grey toning. Scarce.

SEATED HALF DOLLARS

564 This is a collection of Seated Liberty Half Dollars consisting of 141 pieces, of which there are 85 different date-mint mark combinations. Some of the better pieces included are an 1839 No Drapery in VF–20, an 1840 Small Letters in AU–50 lightly cleaned, an 1840-O in AU–50, an 1842 Medium Date in EF–45, an 1842-O in AU–50, an 1845-O With Drapery in AU–50, an 1846-O Medium Date in AU–50, an 1847-O in EF–45, an 1852-O in EF–40, an 1853 in EF–40, an 1854 in AU–50, an 1855-S in VG–8 but heavily scratched or retooled, an 1857-O in AU–50 cleaned, an 1864-S in EF–45, an 1872 BRILLIANT PROOF but rather heavily hairlined on both obverse and reverse, an 1873 No Arrows in AU–55 lightly cleaned, an 1875-S in AU–55, cleaned, an 1876-S in AU–55, an 1877 in AU–50 an 1881 BRILLIANT PROOF but like the 1872 is quite noticeably hairlined, and finally, an 1885 circulated Proof which has worn down to the grade of AU–50 if it were a business strike. This lot should attract some spirited floor bidding. (Total: 141 pieces.)

565	1839	No Drapery, EXTREMELY FINE–40, sharply struck, original and Choice.
566	1839	Drapery, BRILLIANT UNCIRCULATED–60, frostly lustre. Sharply struck. A small obverse hairline scratch in the right field. Otherwise quite Choice.

569	1845	BRILLIANT UNCIRCULATED–60, reasonably well struck with Semi-prooflike surfaces. A few light hairlines and some tiny obverse planchet flakes as made. A very impressive overall appearance. Scott's says of the date: "For some reason, very scarce in all conditions, and habitually underrated."
570	1848	ALMOST UNCIRCULATED–55, deeply toned. A scarce date in all conditions.

571	1849	Slightly recut date. BRILLIANT UNCIRCULATED–60, a fully Prooflike first strike. Quite a scarce date in Mint State.

RESULTS: THE ONLY THING THAT REALLY MATTERS

When you decide to sell your collection of rare coins, there is only one thing that really matters . . . results! This is not just the prices realized. Many auction houses have a high return rate. The final check that is presented to the consignor is what counts.

We invite you to compare our prices realized with those of other auction firms. But more important, keep in mind that our prices realized are not "reserve bids," and less than 1% of all lots sold are returned (less than ½ of 1% by dollar volume).

Our competitive commission rates, liberal cash advances and fast, accurate settlement mean that your estate or collection is fairly and conveniently transformed into cash. Call us today for full details on how we can help you sell your collection.

579 1861 CHOICE UNCIRCULATED–60 to 65, fully struck with light steel grey, green and gold toning. Some faint bag marks in the fields, but the lustre, and strike are so spectacular that we were tempted to call it a Gem. A really outstanding No Motto Half Dollar.

RARE GEM 1873-S HALF DOLLAR

588 1873-S Arrows. From our Publick II Sale, July 1976, where described as: *GEM BRILLIANT UNCIRCULATED–65, superb! A fully struck, blazing Gem coin and virtually flawless. This is the famous Terrell specimen, last sold in the Austin Collection Sale on June 1, 1974. In that sale, this coin realized $2,700. At that time the 1873-4 Arrows, Philadelphia issues, were wholesaling in the $400-500 range. They now trade 4-5 times that. We have never seen another true Uncirculated of this date, much less a Gem. There seems little doubt that this is the finest known specimen of this date. We would urge any prospective buyer of this coin to bid generously, as it is unlikely that a comparable specimen of this important issue will ever be offered again for sale. A once-in-a-lifetime opportunity!* It realized $3200 in that sale, but should certainly bring more in today's quality oriented market.

589 1874 Arrows, TONED PROOF, Gem. Sea green and iridescent toning, slightly mottled. A fantastic example of this very underrated type.

590 1875 ALMOST UNCIRCULATED–55, light original blue and steel grey toning.

591 1876 BRILLIANT UNCIRCULATED–60, full mint bloom. Sharply struck.

BUST DOLLARS

679 1798 Close date, EXTREMELY FINE–45, mottled russet toning (possibly not natural). Lustrous surfaces. Small obverse edge bruise at 9 o'clock. A bit lightly struck in the central portion of the reverse. Otherwise, it might have claims to an "Almost Uncirculated" grade.

680 1799 Irregular Date, 13 Star Reverse. VERY FINE–35 to 40, just bordering on Extremely Fine grade. Choice, even strike, natural color and flawless, defect free surfaces.

681 1800 FINE–15, nearly Very Fine.

A rare coin in Mint State. In spite of its high mintage, there have been no hoards of this date ever discovered.

688 1860-O CHOICE BRILLIANT UNCIRCULATED–60 to 65, with a satin-like surface. Fully struck with normal light bag marks. A treasury hoard specimen, and a very presentable No Motto Dollar.

RESULTS: THE ONLY THING THAT REALLY MATTERS

When you decide to sell your collection of rare coins, there is only one thing that really matters . . . results! This is not just the prices realized. Many auction houses have a high return rate. The final check that is presented to the consignor is what counts.

We invite you to compare our prices realized with those of other auction firms. But more important, keep in mind that our prices realized are not "reserve bids," and less than 1% of all lots sold are returned (less than ½ of 1% by dollar volume).

Our competitive commission rates, liberal cash advances and fast, accurate settlement mean that your estate or collection is fairly and conveniently transformed into cash. Call us today for full details on how we can help you sell your collection.

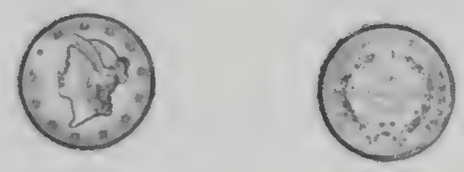
ONE DOLLAR GOLD TYPE ONE

803	1849	Open Wreath, No L. ALMOST UNCIRCULATED–50.
804	1849-C	Closed Wreath, EXTREMELY FINE–40, faintly Prooflike. Somewhat weakly struck at the centers as usual.
805	1851	CHOICE BRILLIANT UNCIRCULATED–60 to 65, frosty.

806 1851-C ALMOST UNCIRCULATED–55 to 60, sharply struck with full frosty mint bloom. Virtually Mint State, and one of the better pieces to come onto the market in recent history.

807 1851-O BRILLIANT UNCIRCULATED–60, a fully Prooflike first strike. Not quite fully struck up, but the surfaces are most unusual.



808 1852 CHOICE BRILLIANT UNCIRCULATED–60 to 65, sharply struck and very frosty. Characteristic shiny surface area before the forehead. A beautiful specimen of nearly Gem calibre.

809 1852-O CHOICE BRILLIANT UNCIRCULATED–60 to 65, a fully struck Borderline Gem with attractive light copper toning. Very seldom seen this sharp or this Choice. Akers writes: *"Generally very softly struck on the hair, and even strictly Uncirculated examples appear to have "wear". Like the 1850-O, substantially underrated when compared to some other Type One Gold Dollars. For example, the 1852-O is much more difficult to find in Choice Uncirculated than the 1849-D or 1851-C, but yet in comparable condition, the 1852-O invariably sells for significantly less."*

THE TRUE PICTURE

We are proud of the photographs in this catalog. These photos represent eight years of intensive coin photography experience. At New England Rare Coin Auctions, we strive not to show the coins at their best, but to show the coins as they appear to the human eye. Difficult? Impossible? Perhaps. Nevertheless, it is the direction we choose to take and we feel it's an important distinction.

810 1853 BRILLIANT UNCIRCULATED–60, fully struck with full mint bloom.

811 1853-C CHOICE BRILLIANT UNCIRCULATED–60 to 65, a blazing, frosty, Gem except that there is some characteristic die rust on the obverse, and the strike isn't quite full. A very rare coin in true Mint State, a fact which any specialist will affirm.

812 1853-O CHOICE BRILLIANT UNCIRCULATED–60 to 65, full strike.

813 1854 GEM BRILLIANT UNCIRCULATED–65, a fully struck, blazing jewel. A couple of tiny bag marks on the obverse, but otherwise absolutely superb. A gorgeous Type One Gold Dollar.

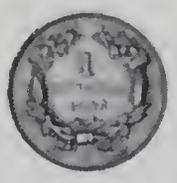
ONE DOLLAR GOLD TYPE TWO

814 1854 VERY FINE–25, traces of lustre.

815 1854 CHOICE BRILLIANT UNCIRCULATED–60 to 65, fully struck with full frosty mint lustre. A blazing jewel. In great demand, and becoming continually more difficult to locate.

816 1855-C EXTREMELY FINE–40, faintly Prooflike. Typical strike with the obverse slightly mushy and the obverse edge slightly irregular as made. The reverse is unusually sharp, perhaps even with claims to a higher grade.

817 1855-O EXTREMELY FINE–45 to 50, frosty to Semi-prooflike lustre and claims to an Almost Uncirculated grade. Scarce and popular as the last New Orleans Mint Gold Dollar.



818 1856-S EXTREMELY FINE–40, relatively Choice surfaces, and quite well struck for this date.

ONE DOLLAR GOLD TYPE THREE

819 1856 Slanted 5, ALMOST UNCIRCULATED–55, full mint bloom. Well struck. A couple of trivial edge marks.

820 1856 Slanted 5, GEM BRILLIANT UNCIRCULATED–65, full frosty mint bloom, and not weakly struck (as most of this date are).

821 1857 CHOICE BRILLIANT UNCIRCULATED–60 to 65, a blazing borderline Gem with deep copper toning. A beauty!

822 1857-C EXTREMELY FINE–40, traces of lustre. Far better strike than most, with no planchet defects, and only the slightest weakness in the hair. An exceptional 1857-C.

823 1859 CHOICE BRILLIANT UNCIRCULATED–60 to 65, a blazing borderline Gem. Scarce.

824 1859-C ALMOST UNCIRCULATED–50, usual weak strike. Frosty mint lustre. A few normal handling marks. Scarce.

825 1861 BRILLIANT UNCIRCULATED–60, sharp strike.

826 1861-D ALMOST UNCIRCULATED–50, a lovely, frosty specimen. The planchet is slightly wavy, possibly as made. A rare coin, particularly in such a high grade. Certainly one of the highlights of this sale.

NOT JUST GRADING, BUT GRADING YOU CAN TRUST

In some auctions, mail bidders consistently submit very low bids to protect themselves from overpaying for overgraded coins. We have made sure this will never happen at our sales because accurate and consistent grading and full mention of defects has been the foundation of all our auctions. This is an advantage to the buyers as well as to the consignors of rare and choice coins.

The buyers have the assurance that they're bidding on a properly described coin. The coins they receive are exactly as the catalog led them to expect and their bids reflect their confidence in us.

The consignors receive the best possible results, not only in higher prices realized, but in a more prompt and efficient disposition of their collections as well. In our last auction, our return rate to consignors was less than 1% by number of lots; less than ½ of 1% in dollar volume.

827 1862 BRILLIANT UNCIRCULATED–60, fully struck.

RARE MINT STATE 1863

828 1863 CHOICE BRILLIANT UNCIRCULATED–60 to 65, a fully struck, frosty specimen with full blazing mint lustre. The rarest Philadelphia Mint Gold Dollar in Mint State. Far better than the specimen in our May 1977 Sale, which realized $2,800.

829 1864 EXTREMELY FINE–40, cleaned. Sharp strike. Expertly repaired (possibly plugged) below the wreath. Scarce.

830 1865 ALMOST UNCIRCULATED–50, Prooflike. A couple of small lint marks as made. A very sharp example of this rare date.

831 1866 ALMOST UNCIRCULATED–50, faintly Prooflike. A few trivial hairlines magnified by the Prooflike surfaces. Extremely well struck and quite attractive. Scarce.

832 1867 EXTREMELY FINE–45, sharp strike. Scarce.

WHAT ABOUT INSURANCE?

From the moment we receive your coins, they are insured with America's largest and most respected insurance firms. This is done automatically and at no cost to you.

833 1868 EXTREMELY FINE–45, sharp and lustrous. Scarce.

834 1869 GEM BRILLIANT UNCIRCULATED–65, fully struck with full frosty mint bloom. Akers writes, *"A very scarce coin, considerably more so than any of the lower mintage dates after 1876. Generally available in high grade, Almost Uncirculated or Uncirculated, but often quite weakly struck on the reverse."* Here is a happy exception. Auction records as high as $2,400 (Superior, February 1977) for a slightly finer specimen.

835 1870 CHOICE BRILLIANT UNCIRCULATED–60 to 65, fully struck with light copper "orange peel" toning. A lovely coin.

836 1871 EXTREMELY FINE–45, fully struck and faintly Prooflike. Only 3,930 minted.

837 1872 BRILLIANT UNCIRCULATED–60, a Prooflike first strike. Sharply struck and brilliant. A few trivial die rust areas in the fields as made, but otherwise, extremely Choice. A rare and vastly underrated date! Akers writes: *"The 1872 is one of my favorite dates in the gold dollar series. Except for the 1875, it is the scarcest date after 1870 and is really very rare in choice condition. Most of the available Uncs. that I have seen were not particularly choice (as contrasted to the Uncs. of 1870 and 1871 which are almost always choice or gem quality), and I have known many gold dollar collectors who experienced considerable difficulty when attempting to locate a top quality 1872."*

838 1873 Open 3, BRILLIANT UNCIRCULATED–60, frosty. "LIBERTY" weak as usual.

839 1874 BRILLIANT UNCIRCULATED–60. "LIBERTY" weak as usual. Otherwise quite well struck for the date.

840 1875 EXTREMELY FINE–40, but once mounted with some solder expertly removed from the reverse. Also lightly polished with some small surface and edge marks. Still a presentable specimen which might be improved further by continued repair work. A rare and valuable coin in spite of its imperfections.

841 1881 BRILLIANT UNCIRCULATED–60, frosty and fully struck. Choice except for a few light hairlines in the fields.

842 1882 GEM BRILLIANT UNCIRCULATED–65, a satin-like jewel with light copper toning. One small die rust spot below the "A" in STATES. Otherwise absolutely superb!

843 1884 BRILLIANT UNCIRCULATED–60, a fully Prooflike first strike. Choice, save for a tiny mint caused edge defect on the reverse. The surfaces are so spectacular that the coin actually resembles a proof!

844 1885 BRILLIANT UNCIRCULATED–60, Semi-prooflike surfaces. Some light die striations as made. Scarce.

845 1886 BRILLIANT UNCIRCULATED–60, Semi-prooflike surfaces. Sharp strike. Scarce.

846 1887 GEM BRILLIANT UNCIRCULATED–65, a fully Prooflike first strike with deep mirror surfaces. A very deceptive coin, which some will argue was struck as a proof. In either case, a magnificent coin.

847 1889 CHOICE BRILLIANT UNCIRCULATED–60 to 65, fully Prooflike. Purchased as a proof in the late 1950's.

EARLY $2½ GOLD

848 1834 No Motto, EXTREMELY FINE–40 to 45, sharply struck and Choice.

849 1836 ALMOST UNCIRCULATED–50, frosty. A few trivial hairlines in the fields.

850 1839-C ALMOST UNCIRCULATED–50, sharply struck with frosty lustre. The characteristic die rust on the cheek is very faint. A Choice, premium specimen of this scarce and popular coin.

LIBERTY $2½ GOLD

851 1840 ALMOST UNCIRCULATED–50, with full frosty mint bloom. Decidedly underrated, and by far and away the finest we have ever offered at public auction.

852 1841-D VERY FINE–35, nearly Extremely Fine. Scarce. Only 4,164 minted.

853 1843-O Small Date, EXTREMELY FINE–40, sharp strike.

854 1847-C ALMOST UNCIRCULATED–55 to 60, full frosty mint bloom and fully struck. A beautiful Charlotte Mint Quarter Eagle.

855 1847-O VERY FINE–25.

856 1848-D ALMOST UNCIRCULATED–50, sharply struck. Faintly Prooflike. A few normal bag marks, but quite Choice overall.

857 1850 CHOICE BRILLIANT UNCIRCULATED–60 to 65. A fully struck borderline Gem. Akers writes: "Generally considered a common date, but really quite scarce in high grade." Only 11 auction records for Uncirculated specimens in the past 35 years, and it's doubtful that even 5 of these could match the quality of this Choice specimen.

858 1852 CHOICE BRILLIANT UNCIRCULATED–60 to 65, fully struck. Fully frosty, a virtual Gem coin.

You pay nothing if you are an unsuccessful bidder. Look for further details at the beginning of this catalog.

859 1852-O BRILLIANT UNCIRCULATED–60, full frosty mint bloom, average strike. A rarity in Mint State, and one of the finest specimens known. Akers writes: *"As the much higher mintage indicates, the 1852-O is substantially more common as a date than the 1852-C or the 1852-D. However, choice condition specimens are very nearly as rare, even though most standard pricing guides, such as the Red Book and Scott's Encyclopedia, value the 1852-O in Unc. at a level just slightly more than a common date. Do not be misled by such catalogue listings, however, because the 1852-O is anything but common in uncirculated condition. Generally seen more sharply struck than the 1852-C or 1852-D, but of course, the New Orleans Mint usually did make higher quality coins than its southern counterparts in Georgia and North Carolina."*

860 1853 ALMOST UNCIRCULATED–55, full strike. Full lustre.

861 1854 ALMOST UNCIRCULATED–55 to 60, full strike. Full mint bloom.

862 1854-O Virtually BRILLIANT UNCIRCULATED–60, normal slight weakness in the centers and a touch of friction on the cheek. Full frosty mint bloom. A lovely specimen and rare in this condition.

863 1855 Virtually BRILLIANT UNCIRCULATED–60, sharp strike.

864 1856 ALMOST UNCIRCULATED–50 to 55.

865 1856-C ALMOST UNCIRCULATED–55, lustrous, struck from rusted dies as always. Unknown in Uncirculated, according to Scott's, although we did sell the only known Unc. in July, 1976. Certainly condition census.

NOW IS THE TIME TO CONSIGN

868 1860 ALMOST UNCIRCULATED–55 to 60, a very scarce and underrated date.

869 1861 ALMOST UNCIRCULATED–55 to 60.

870 1861-S ALMOST UNCIRCULATED–50. Usual, slightly soft strike, with nearly 80% of its mint lustre intact. Absolutely one of the most underrated of all gold coins in high grades. Akers writes: *"As is in the case with many quarter eagles, this date is grossly underpriced in the standard pricing guides. It catalogues roughly double what the 1861 does in uncirculated condition, and yet, although the 1861 is quite common even in gem condition, I have never seen a full mint state 1861-S. This date is tied for the twelfth lowest average grade of any quarter eagle, and specimens better than VF are genuinely rare."* Other than one Unc. sold at auction in 1944, no other Uncirculated specimens that we know of have ever been offered at auction. A prize coin for the specialist.

You may not have the opportunity to purchase coins as choice as the specimens in The Devonshire Sale for months or even years. Keep in mind that, no matter what you bid, if you're successful you will receive the lots at a nominal 5% to 10% increase over the next highest bid. Bid liberally!

THE TRUE PICTURE

We are proud of the photographs in this catalog. These photos represent eight years of intensive coin photography experience. At New England Rare Coin Auctions, we strive not to show the coins at their best, but to show the coins as they appear to the human eye. Difficult? Impossible? Perhaps. Nevertheless, it is the direction we choose to take and we feel it's an important distinction.

WHAT IS AN UNRESERVED AUCTION?

This is an unreserved mail and floor bid auction. All coins will be sold to the highest bidder, unreserved. We think this is an important point, for it means that when you bid at a New England Rare Coin auction, you can be assured that you are bidding against a legitimate bid and not one that is pre-arranged.

RESULTS: THE ONLY THING THAT REALLY MATTERS

When you decide to sell your collection of rare coins, there is only one thing that really matters . . . results! This is not just the prices realized. Many auction houses have a high return rate. The final check that is presented to the consignor is what counts.

We invite you to compare our prices realized with those of other auction firms. But more important, keep in mind that our prices realized are not "reserve bids," and less than 1% of all lots sold are returned (less than ½ of 1% by dollar volume).

Our competitive commission rates, liberal cash advances and fast, accurate settlement mean that your estate or collection is fairly and conveniently transformed into cash. Call us today for full details on how we can help you sell your collection.

PAPER MONEY ERRORS

The following section represents a growing area of interest in the syngraphic community – error notes. Practically all recent publications devote some space to error collecting. In the past we have sold individual lots of paper money errors including a scarce Large Size $1 Invert from the famous Grinnell Collection. This offering is more replete with fourteen distinctly different error types that offer the beginning and advanced collector the opportunity to obtain many choice examples. The price estimates should be considered only as guides for the prices realized will vary depending upon bidder demand. We hope you will be able to obtain a few choice examples for your collection.

MATCHED PAIR OF HAWAIIAN INVERTS

1213

1214

$5 1934-A, F-2301. The Hawaii Surcharge Notes were issued after the attack on Pearl Harbor as a precaution against possible Japanese invasion of the islands. (The overprint error was caused by a 180° rotation of the sheet prior to printing the brown seal and serial numbers.) The pair are UNCIRCULATED but display some light smudges on the front. We have sold other major inverted notes for over $700 (See New York Sale, March 1977), and a $1 Hawaii Invert appearing in Numismatic News (May 28, 1977) has been valued at over $1200. These $5 Inverts should easily exceed these levels. A unique opportunity to acquire a historically interesting note. *Notes to be sold separately.*

CHECK EACH DENOMINATION

Every auction has its highlight pieces. These are numismatic items which are spotlighted, photographed and discussed at great length. However, the depth of this auction has made it impossible to fully display every piece. Check carefully, for many exquisite pieces which have not been photographed, lie waiting for the numismatically astute buyer to seek them out. Study this catalog thoughtfully, locate the items of greatest interest and then bid liberally. No matter what you bid, if you're successful you will receive the lot at a nominal 5% to 10% increase over the next highest bid.
